REGULATION REGARDING THE USE OF PREMISES AND EQUIPMENT FOR ALL AUDIO VISUAL INSTALLATIONS:

The Regulation regarding the use of premises and equipment for all audio visual installations at the Palais des congrès de Montréal (RÉG 52-01) serves to ensure a safe environment for our clients, prevent any damage to the building and equipment during audio visual set-up and dismantling operations and to standardize the positioning of rigging points for stage and audio visual installations.

MANDATORY PLAN VALIDATION

All installations are conditional upon validation of plans. Non-compliance with this regulation could result in delays and extra charges, or even interrupt a set-up. Palais technical advisors will provide you with expert assistance in validating rigging plans. Any plan that does not comply with Palais specifications is subject to change.

DEADLINES AND RATES

Validation is free if the plan is received at least fifteen (15) calendar days before the start of the event. Afterward, charges of 75 \$/ hour will apply. The validated plan will be returned to you within five (5) working days. Palais technical advisors are available to design plans at the same hourly rate.

ACCEPTED PLAN FORMATS

For compatibility purposes, use « Autocad » format (.dwg or .dxf). Otherwise, please provide us with measurements to scale. Palais master plans are available on demand at no charge.

For more information, please contact our technical advisors at 514 871-5871 (toll free: 1 888 871-5871).

Information that must appear on the plan:

- Rigging points in the room (reflective ceiling)
- Positions of motors and chain hoists
- Positions of trusses and all suspended structures

Note : no truss section shall have unsupported ends

- Types of equipments used (sound, lighting, etc.)
- The total load of the suspended structure
- The load by rigging point in pound or kilogram
- A notice if the structural load is not evenly distributed
- Rigging point required for cable pick for cables over 22,7 kg (50 lbs)

Note : concentrated loads must be positioned

This plan is included as an example only
